Dear sir,

We, IPA Kochi Chapter thank you for your kind support extended to the training program held during 15.10.2019 to 19.10.2019 for the VHSS faculty team.

The Directorate of General Education is highly impressed with the way we have conducted it, and they have requested us to convey their sincere gratitude to yourselves for making it a grand success.

As discussed earlier, we need to travel to all 10 schools, where 'Plumbing' is being taught, for demonstrating plumbing products and to explain its usage, application, repair and maintenance.

We request your continued support for this education program. The modalities of further programs on this 'project' shall be discussed in due course.

We thank you once again...

A. Siva Iyer
Chairman IPA-Kochi Chapter
