**TO WHOMSOEVER IT MAY CONCERN**

After going through the technical literature of the products marked BIS/BS/ISO submitted by M/s. Lehy Instruments and Valves Pvt Ltd., we have no objection in recommending to the lehy brand ball, check, butterfly and pressure reducing valves, water level controllers, motorized valves, automatic water metering system and water hammer arresters etc., in our ongoing and future projects.

Please keep updated about the new development and credentials you receive time to time to update our database.

Approvals/registrations to be kept valid and changes shall be communicated to this office.

The approval is based on the documents supplied by you.

Thanks and wish you best of luck.

For **Integrated Building Consultants.**
